ABOUT AGROPARTNER COMPANY

Agropartner, which produces between 2500t and 3000t of berries a year, is a company that presents the natural symbiosis of small local farms and highly professional factories, company which nurtures fruit in accordance with The Program of Integrated raspberry and blackberry production. Agropartner's main goal is to approach each customer hand to hand and deliver the fruit of premium quality. Every harvest is manual, each fruit picked by hand, followed with manual process in the cold stores where it is being frozen to wholly maintain its best attributes.

Agropartner is located in Dragačevo region in Serbia which may be somewhat unknown to the rest of the world but it is a proper center of the world when it comes to unearthing the most perfect fruits of nature.
